

CASS Mourvèdre 2017

Tasting Notes

Savory spices emanate from the glass releasing aromas of baked blueberry, grilled plum, sweet paprika and star anise. A buoyant acidity rides alongside polished tannin, seamlessly complimenting rich elements of stewed blackberry, cherry cola reduction, warm mocha and English toffee. Tiers of pink peppercorn, cracked caraway seed and roasted vanilla bean persist.

WINEMAKING

At Cass Winery quality is the driving force in everything we do as we combine Old World winemaking traditions with the best New World innovations. The 2017 vintage is the first harvest to use optical sorter. Cass' philosophy has always been, 'Great wine starts in the vineyard.' Now, Cass winemaker can be extra selective about what comes from the vineyard and goes into your Cass wine.

After hand-picking in late September, the fruit was sorted by optical sorter, de-stemmed and fermented in small tanks, with regular pumpovers to aid extraction. In order to let the varietal fruit shine through, the wine was aged in neutral oak barrels with 100% being French oak. Following this mantra further, the wine was left unblended in order to let the Mourvèdre speak as a pure, 100% varietal wine.

Composition: 100% Mourvèdre

Alcohol: 15.2%

Aging: 14 months neutral French oak

Production: 825 cases produced

CASS VINEYARD

Our DNA is from France...In 2000, we planted wine grape clones certified by ENTAV, the agency that is responsible for certification of wine grape clones in France. Cass Vineyard was among the first vineyards in California to be planted entirely to ENTAV certified clones.

We have 11 varietals on 145 acres, including seven Rhône varietals as well as four big red Bordeaux varietals.

The Cass Estate Vineyard, located southeast of the town of Paso Robles, exemplifies the quality of the Paso Robles region with its warm days, cool coastal breezes, and exceptional soils.

Deposited over centuries, the diverse alluvial soils make for an expressive site that produces fruit of incredible quality. A long growing season of warm days and cool evenings give rise to vibrantly ripened fruit with dynamic flavor profiles that translate beautifully in your glass.
